

McGraw Systems LLC to present bStable™ at NAMI's 30th Anniversary Convention San Francisco, California July 6-9th 2009.

WOBURN, Mass. – May 23, 2009 – McGraw Systems LLC today announced the company will exhibit at the National Alliance on Mental Illness's 30th Anniversary Convention. Under the theme "Creating a Healthy Future for Us All," the convention is scheduled for July 6-9 at the San Francisco Hilton, 333 O'Farrell Street, in San Francisco.

McGraw Systems' President and CEO Benjamin F. McGraw IV will be present to discuss its flagship product, bStable™ – the only comprehensive personal life management system for individuals suffering from affective disorders such as Depression and Bipolar Disorder.

The show will be held in the Continental Ballroom, located on the Ballroom Level of the San Francisco Hilton. McGraw Systems, LLC has been assigned booth number 209. You can visit the McGraw Systems booth at the following times:

Tuesday, July 7	11:00am – 2:00pm	Exhibit Hall Open
Wednesday, July 8	8:30am – 2:30pm 4:00pm – 7:00pm	Exhibit Hall Open Exhibit Hall Open
Thursday, July 9	8:30am – 3:00pm	Exhibit Hall Open

From its inception in 1979, NAMI has been dedicated to improving the lives of individuals and families affected by mental illness. For three decades, NAMI has established itself as the most formidable grassroots mental health advocacy organization in the country. Dedication, steadfast commitment and unceasing belief in NAMI's mission by grassroots advocates have produced profound changes. NAMI's greatest strength is the dedication of their grassroots leaders and members.

"We are excited to attend this historic event for NAMI and spread the word about bStable. We have experienced a strong interest in bStable™ after successful demonstrations of the product at the 2008 National Depression and Bipolar Support Alliance (DBSA) conference in Norfolk, Virginia and the 2009 International Review of Bipolar Disorders Conference in Lisbon, Portugal. We hope to expand additional awareness of bStable™ at 2009 NAMI in order to help patients and loved ones suffering around the world with this challenging disorder." said Benjamin F. McGraw IV, President and CEO of McGraw Systems LLC.

The bStable™ technology has grown from its original focus on Depression and Bipolar Disorder to include support for psychotherapeutic approaches such as cognitive behavioral therapy (CBT) as there is a natural transition from a personal life management system into cognitive behavioral therapy. bStable™ has also expanded to include additional personal life management support for other affective disorders such as: attention deficit hyperactivity disorder (ADHD), social phobia disorder, anxiety disorder, and premenstrual dysphoric disorder.

bStable™ retails for \$99. Additional copies of bStable™ for loved ones or medical professionals associated with the patient can be purchased at the normal friend, family, or medical provider rate of \$49.
